लिए क्या लक्ष्य रखे गये हैं तथा इसके लिए कितनी धनराशि नियत की गई है; और

(घ) इसका ब्यौरा क्या है?

योजना और कार्यक्रम कार्यान्वयन मंत्रालय के राज्यमंत्री (श्री गिरिधर गोमांगो): (क) से (घ) योजना आयोग 20 सूत्री कार्यक्रम के अंतर्गत विशिष्ट रूप से निधि का आवंटन नहीं करता। राज्य सरकारें अपनी वार्षिक योजना में क्षेत्रीय शीर्षों के अंतर्गत 20 सूत्री कार्यक्रम को विभिन्न मुद्दों के लिए इसे उपलब्ध कराती हैं। चूंकि कार्यक्रम कार्यावयन विभाग 20 सूत्री कार्यक्रम की चुनिंदा मदों के वास्तविक कार्य निष्पादन की मानीटरिंग करता है इसलिए वित्तीय निष्पादन के संबंध में सूचना उपलब्ध नहीं है। गुजरात और महाराष्ट्र के संबंध में वर्ष 1993-94 के लिए वास्तविक लक्ष्यों और उपलब्धियों को दर्शाने वाला एक विवरण संलग्न है।

Objectives of National Informatics Centre

779. DR. NARREDDY THULASI REDDY: Will the Minister of PLANNING AND PROGRAMME IMPLEMENTATION be pleased to state:

(a) what are the objectives of "National Informatics Centre (NIC)";

(b) how far the objectives are achieved;

(c) whether the projects on NICNET based Land Records Information System and extension of NICNET support upto Tehsil/Block level were taken up; and

(d) if so, what are the results thereof?

THE MINISTER OF STATE OF THE MINISTRY OF PLANNING AND PROGRAMME IMPLEMENTATION (SHRI GIRIDHAR GOMANGO): (a) The objectives of National Informatics Centre (NIC) are to promote computer-based Management Information System (MIS), electronic mail services and telematic services facilitating the development of District Information System at District level and essential databases for the State and Central Government departments. The scope has progressively widened for giving support to montoring of projects of public sector and autonomous organisations.

(b) The objectives mentioned above have been achieved. NIC has established satellite based computer-communication network, called NICNET which has 650 nodes linking the various Government departments and offices. District Administration and various departments/ ministries of States and Central Governments are using more than 5000 databases created on NICNET through the computers, communication and other infrastructure facilities of NIC on regular basis for day to day decision making and planning for the implementation of various Government programmes. The databases are created on 26 broad areas namely, agriculture, animal husbandry, civil supplies, district collectorate, education, health, district planning, rural development, employment, forestry, labour, village panchayat, transport, power, water resources, finance etc.

(c) Yes, Sir. The project on land records computerisation has been taken up in 21 pilot districts spread over the country. Now, a decision has been taken to implement the project in more districts. Proposals for extending the NICNET support upto tehsil/block level are also being taken up in conjunction with the land records computerisation programme so that both the projects can be implemented simultaneously to save time and cost through resource sharing.

(d) The results of the land records computerisation programme in the 21 pilot districts spread over the country have been encouraging. The pilot projects have successfully demonstrated the feasibility of the following the land owners can have copy of record of rights without difficulty, easy and timely availability of data to administration on land related aspects, quick updation of records, etc.
